MANAGEMENT DISCUSSION AND ANALYSIS REPORT

EXTRA NEUTRAL ACCOHOOL:

Several grades of alcohols are available in the market. These include fuel grade and industrial grade. Extra neutral alcohol (ENA) is a food grade alcohol, which is highly distilled and contains nearly 96% of alcohol by volume. This alcohol is used to manufacture potable alcoholic beverages such as vodka, gin, and rum. Extra neutral alcohol (ENA) is produced by fermenting sugarcane molasses or grains using yeast and distilled multiple times to produce a colorless and odorless alcohol. Rising demand for alcoholic beverages across the globe is fuelling the demand for extra neutral alcohol (ENA) globally. Alcohol consumption is becoming more and more prevalent due to higher disposable incomes, changing attitude of people towards drinking and drinking becoming more socially acceptable.

EXTRA NEUTRAL ALCOHOL MARKET: KEY SEGMENTS:

Based on raw material used, the extra neutral alcohol (ENA) market can be bifurcated into grain-based and sugarcane-based. In terms application, the extra neutral alcohol (ENA) market can be divided into potable alcohol, flavors & fragrances, pharmaceuticals, cosmetics, and others. The potable alcohol segment dominates the global extra neutral alcohol (ENA) market. A major share of the extra neutral alcohol produced goes into the making of alcoholic beverages and potable alcohol. Extra neutral alcohol (ENA) is used as a carrier in a wide range of medicines in the pharmaceutical industry. It is also used to manufacture disinfectants, sprays, and syrups. Additionally, it is used as a solvent in paints and printing industries.

The report offers a comprehensive evaluation of the market. It does so via in-depth qualitative insights, historical data, and verifiable projections about market size. OPPORTUNITIES AND THREATS

Radical Bio-Organics Ltd is exposed to the industry-wide risk of fluctuations in grain prices. The Ministry of Agriculture announces minimum support price (MSP) for grains every year. Any increase in grain prices would have a greater impact on the company due to limited flexibility in passing on price increases.

THE "INDIA ETHANOL MARKET ANALYSIS: PLANT CAPACITY, PRODUCTION, OPERATING EFFICIENCY, TECHNOLOGY, PROCESS, DEMAND & SUPPLY, GRADE, SOURCE, PURITY, END USE, DISTRIBUTION CHANNEL, REGION, COMPETITION, TRADE, CUSTOMER & PRICE INTELLIGENCE MARKET ANALYSIS, 2015-2030":

India Ethanol market demand stood at 3250 Million Litres in FY2021 and is forecast to reach 5412.06 Million Litres by FY2030, growing at a healthy CAGR of 8.25% until FY2030.

The Indian Ethanol (also called Ethyl Alcohol) market is projected to expand aggressively in the forecast period on the back of increased Ethanol consumption in fuel additives and beverages. Moreover, heavy investments made by the Government of India towards converting excess sugar to Ethanol, further strengthened by the government's vision to create an Ethanol Economy will accelerate the Ethanol demand in the forecast period.

With the start of National Biofuel Policy 2018, which has put forth an Ethanol blending target of 10% by 2022 and 20% by 2030 from the current rate of 2-3%, Ethanol demand is set to grow by leaps and bounds in the period of forecast. Over the past five years, the Indian government has been encouraging Ethanol capacity expansion to cut its dependency on imported crude oil and channelize the excess sugar inventories into Ethanol production. These factors will further propel the growth of the Ethanol market in India.

Ethanol is also a prominent alcoholic beverage, mainly found in beer, cider, wine, and spirits. Hence factors such as changing lifestyle along with growing adoption of the western culture are likely to drive the demand for Ethanol in the country. The increasing production of wine and other alcoholic beverages would further contribute to the growth of the Ethyl alcohol market during the forecast period.

HUMAN RESOURCES

During the year, the strength of human resource engaged by the Company is around 130 as compared to previous year. Industrial relations have been cordial during the year under report.

(Cautionary Statement: Statements in this Report, which seeks to describe the Company's objectives, projections, estimates, expectations or predictions may be considered to be 'forward looking statements' and are stated as required by applicable laws and regulations. Actual results could differ from those expressed or implied. Several factors including global and domestic demand-supply conditions, prices, raw-materials availability, technological changes in government regulations and policies, tax laws and other statutes may affect the actual results, which can be different from what the Directors envisage in terms of future performance and outlook.)

INDEPENDENT AUDITOR'S REPORT

To The Members of M/s. Radical Bio Organics Limited.

Report on the Audit of the Financial Statements

Opinion

We have audited the Financial Statements of Radical Bio Organics Limited ("the Company"), which comprise the balance sheet as at 31st March 2023, and the statement of profit and loss for the year then ended, and statement of cash flows for the year then ended and notes to the Financial Statements, including a summary of significant accounting policies [hereinafter referred to as "the Financial Statements"].

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2023, and its profit/loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to the following matters in the notes to the financials of the Company:

- a) Note 27(a) to the financial statements, which describes the ambiguity as to applicability of whether GST or VAT on Extra Neutral Alcohol (ENA) product sales and procedures being followed by the company.
- b) Note 28(b) to the financial statements, which describes the treatment of CESS input credit on purchase of coal by the company and the reversal of input tax credit under various rules of GST laws.

“Information Other than the Financial Statements and Auditor’s Report Thereon”

The Company’s Board of Directors is responsible for the other information. Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s Responsibility for the Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in

- (i) Planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, We have given in the **"Annexure -A"**, a statement on the matters specified in paragraph 3 and 4 of the order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) As the company does not have any branches in addition to its registered office, reports on the accounts of the branch offices of the Company audited under Section 143(8) of the Act is not applicable for the current financial year.
 - (d) The Balance Sheet, the Statement of Profit and Loss dealt with by this Report are in agreement with the books of account.
 - (e) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (f) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - (g) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls vide notification dated June 13, 2017, have been reported in **"Annexure-B"**.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on the financial position in its financial statements – Please Refer Note-27 to the financial statements.

- ii The Company do not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.
- iii. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Company.

Report on the Internal Financial controls under clause (i) of sub- Section 3 of Section 143 of the Companies Act, 2013 ("The Act")

We have audited the Internal Financial controls over financial reporting of M/s. Radical Bio Organics Limited ("The Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The management has the primary responsibility for the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. Consequently, the responsibility of designing, implementing and maintaining appropriate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, safeguarding of its assets, the prevention and detection of frauds and errors also rests with the management.

Auditor's Responsibility

Our Responsibility is to express an opinion on the Company's Internal Financial Controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") and the Standards on Auditing issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed by the Central Government in accordance with Section 143(10) of the 2013 Act, to the extent applicable to an audit of internal financial controls over financial reporting. These Guidance Note and Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness as at the balance sheet date.

Our audit of internal financial controls over financial reporting involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in

accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Radical Bio Organics Limited
Summary of significant accounting policies and other explanatory information
(All amounts in ₹ unless otherwise stated)

1. Company overview

Radical Bio Organics Limited ("the Company") was incorporated on 13-Jan-2010. The Company is mainly engaged in business of manufacturing of ethanol and technical alcohol. It has a plant situated at Tandur with an operating capacity of 90 KLPD and started its operations from 2013. The entity's business include purchase, sale, manufacture, process, import, export, buyers, sellers, traders, merchants, deal in, to act as agents, distributors, whole sellers, retailers, broker, merchants, contractors, warehousemen and to establish, maintain, operate and/or run agency lines in every kind and description of agriculture products in any place in the world.

2. Summary of significant accounting policies

a) Basis of preparation of financial statements

The financial statements have been prepared in accordance with the Generally Accepted Accounting Principles (GAAP) in India (India GAAP) to comply with the Accounting Standards specified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

b) Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

c) Revenue recognition

- i) Sale of goods is recognized when all obligations connected with the transfer of risks and rewards to the buyer have been fulfilled after the price has been determined and collection of the receivable is reasonably certain. The Company risk and rewards are transferred when goods are removed from factory and loaded in customers vehicles.
- ii) The Company's main income is from sale of Extra Neutral Alcohol. It also has other operating income from sale of Dried Distillers Grains (DDGs), Distillers Wet Grains Soluble (DWGS), Distillers Wet Grains Liquid Soluble (DWGS (Liquid)), Impure Spirit (IS), Carbon di oxide (Co₂) and Liquid sanitizers.
- iii) Interest income is recognized in the year in which it is accrued and stated at gross.

d) Property, Plant and Equipment

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized in the

Radical Bio Organics Limited

(All amounts in ₹ unless otherwise stated)

statement of profit and loss. The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognized in the statement of profit and loss as incurred.

Items of property, plant and equipment acquired through exchange of non-monetary assets are measured at fair value, unless the exchange transaction lacks commercial substance or the fair value of either the asset received or asset given up is not reliably measurable, in which case the asset exchanged is recorded at the carrying amount of the asset given up.

e) Depreciation

Depreciation is recognized in the statement of profit and loss on a straight-line basis over the estimated useful lives of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives. Land is not depreciated.

Schedule II to the Companies Act, 2013 ("Schedule") prescribes the useful lives for various classes of tangible assets. For certain class of assets, based on the technical evaluation and assessment, the Company believes that the useful lives adopted by it best represent the period over which an asset is expected to be available for use. Accordingly, for these assets, the useful lives estimated by the Company are different from those prescribed in the Schedule.

Advances paid towards the acquisition of property, plant and equipment, if any, outstanding at each reporting date and the cost of property, plant and equipment not ready to use before such date are disclosed as such under other non-current assets. Assets not ready for use are not depreciated but are tested for impairment.

f) Inventories

Inventories consist of raw materials, stores and spares, work-in-progress and finished goods and are measured at the lower of cost and net realizable value. The cost of all categories of inventories is based on the weighted average method. Cost includes expenditures incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition.

In the case of finished goods and work-in-progress, cost includes an appropriate share of overheads based on normal operating capacity. Stores and spares consist of packing materials, engineering spares (such as machinery spare parts) and consumables (such as lubricants etc.), which are used in operating machines or consumed as indirect materials in the manufacturing process.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

g) Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill and intangible assets that have indefinite lives or that are not yet available for use, an impairment test is performed each year at 31 March.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generate cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash generating unit").

Radical Bio Organics Limited**Summary of significant accounting policies and other explanatory information**

(All amounts in ₹ unless otherwise stated)

The goodwill acquired in a business combination is, for the purpose of impairment testing, allocated to cash-generating units that are expected to benefit from the synergies of the combination.

An impairment loss is recognized in the statement of profit and loss if the estimated recoverable amount of an asset or its cash generating unit is lower than its carrying amount. Impairment losses recognized in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit on a pro-rata basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. Goodwill that forms part of the carrying amount of an investment in an associate is not recognized separately, and therefore is not tested for impairment separately. Instead, the entire amount of the investment in an associate is tested for impairment as a single asset when there is objective evidence that the investment in an associate may be impaired.

h) Provisions and Contingencies

A provision is recognized in the statement of profit and loss if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

i) Contingent liabilities and contingent assets

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognized in the financial statements. A contingent asset is disclosed where an inflow of economic benefits is probable. Contingent assets are assessed continually and, if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

j) Income tax

Income tax expense consists of current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences:

Radical Bio Organics Limited**Summary of significant accounting policies and other explanatory information**

(All amounts in ₹ unless otherwise stated)

- i) temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit;
- ii) temporary differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future; and
- iii) taxable temporary differences arising upon the initial recognition of goodwill.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that the future taxable profits will allow the deferred tax assets to be recovered.

Any deferred tax asset or liability arising from deductible or taxable temporary differences in respect of unrealized inter-company profit or loss on inventories held by the Company in different tax jurisdictions is recognized using the tax rate of the jurisdiction in which such inventories are held.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

k) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

l) Employee Benefits

Liability for employee benefits, both short and long term, for present and past services which are due as per the terms of employment are recorded in accordance with Accounting Standard (AS) 15 "Employee Benefits".

i) Defined Benefit Plan**Gratuity:**

In accordance with the Payment of Gratuity Act, 1972 the Company provides for gratuity covering eligible employees. Liability on account of gratuity is determined and charged to Statement of profit and loss on the basis of valuation by an independent actuary.

ii) Defined Contribution Plan

The Company contributes to Government administered Provident Fund on behalf of its employees and has no further obligation beyond making the payment to them. Contributions to Provident Fund (defined contribution plan) are charged to Statement of Profit and Loss as incurred on accrual basis.

iii) Leave encashment

The company's employment policies do not permit carry forward of leaves.

- a) As there is an ambiguity as to whether GST or VAT applicable on Extra Neutral Alcohol (ENA) product sales, the Company collected tax at 5% on ENA product sales in line with the practice being followed by similar companies in the industry. If ENA sales are taxed at 18% (i.e., rate applicable on similar goods under GST regime), additional GST liability on ENA sales of company would be Rs.81,32,76,451 (for FY 2022-23 FY 2021-22 FY 2020-21, FY 2019-20, FY 2018-19, FY 2017-18 amounting to Rs. 26,67,15,358 Rs.25,73,27,060, Rs.16,96,74,473, Rs.18,50,42,052, Rs.11,93,25,700 and Rs.8,19,07,166 respectively). However, the Company is not expecting any further GST liability on ENA sales.
28. a) The Company has received the input tax credit of Rs. 2,41,51,954 with respect to the TRAN-1 return during the current financial year. The balance of Rs. 9,64,754 has been expensed to profit and loss account. The said input tax credit has been included in the GST portal and respective compliances have been completed.
- b)
- The Company has CESS input credit amounting to Rs. 3,29,23,864 on coal purchases as on 31 March 2019. Though the Company doesn't have CESS liability to set off the input CESS, it was confident that such input CESS could be adjusted against the future CESS liability or could claim as refund from GST authorities. Accordingly, the same had been considered as an asset in the books of account till 31 March 2019 but during the current financial year, the Company, neither has confidence of adjusting the same against future CESS liability nor getting the amount as refund. So, they have started amortizing the same in 5 equal instalments i.e., Rs.65,84,773 for 5 FYs, commencing from FY 2019-20. Hence the company has treated such expense as **an exceptional item in the statement of profit and loss** and outstanding amount to be expensed as at balance sheet date is Rs. **65,84,772**.
 - The company on press release by GST council dated 17 September 2021 regarding clarification of GST tax rate on products of DDGS, DWGS and DORBS as 5% retrospectively from 01 July 2017 has calculated GST amount had to be paid on and also applying GST Rule 42 of GST Rules, 2017 amounting to 10,97,92,535. The management has decided to amortize for a period of 5 years. The balance outstanding amount to be expensed as at balance sheet date is Rs. 7,74,77,253.
 - Hence, an amount of Rs. 2,85,43,280 (Aggregate of Rs. 65,84,773 and Rs. 2,19,58,507) have been amortized in the current FY 2022-23.
29. The balances under Trade Receivable, Trade Payable and Advances from customers are subject to confirmation from respective parties.

***Note:** As the Radical Bio Organics Limited became NPA during the FY 2014-15 and later in Mar 2016, the facility of loan from banks have been handed over to the Asset Reconstruction agencies (Invent ARC Ltd and Pegasus Group Twenty-Seven Trust) to support the operations of the company resulting which the company became weaker to perform financially well in the eyes of bankers and financial institutions to avail any further working capital facility. It became very challenging to the company to sustain the operations in such cash crunch scenario. Hence, the promoters have decided to use separate entity ("SP Traders") which has been performing well across years and got the financial facilities by banks through which they were able to overcome the procurement challenges of the company.

32. Segment Reporting

The Company is engaged in the business of manufacturing of ethanol and technical alcohol. Since the business activity is governed by the same set of risks and returns and operating in the same economic environment, the whole business is treated as a single business and geographical segment.
